At 11 I will talk on "Christ in the Garden." If you remember I preached two sermons from this theme and I want to preach another. This is our Communion day and I hope we will have all the members out. It is a great privilege to partake of the Sacrament, and I hope none of our flock will ever miss the privilege.

At 7:30 Rev. Wynn will preach to us, and I hope you will give him your presence.

Well, the campaign month is over and I want to thank you for your loyalty during the month, and may I say during the last six months, we have completed one-half of the first years work, and I think we can be grateful for the way the work has progressed, especially do I want to thank the Church for her support. You gave my plans a trial, and we have seen the desired results; our S. S. reached the 200 mark; our League has thrived, and our congregations have been large thro-out the six months. As I have stated from time to time, I do not care much for spasmodic congregations, but I hope we are doing a work that will abide thro-out the year, and I hope to suggest from time to time plans that will keep the work going; and I hope to have your hearty cooperation. I am aware that people are discussing some things I have said, but I am open to criticism and if they can prove I have erred in telling the truth I will apologize.

C. I. HOY.

FIRST BAPTIST

We are delighted with the results of the Church Attendance Campaign. While our congregations were not unusually large, we did have some people who have not been coming very often. We are so glad you came and we hope you will continue to do so. We had 117 in Sunday School last Sunday and several of our regulars were out. Let us make it 125 next Sunday. I believe we can do it. The hour for Sunday School is 9:45 a. m. and the preaching hours are 11 a. m. and 7:30 p. m. The B. Y. P. U. meets at 6:30 p. m. We give you a most cordial invitation to attend all of our services.

Now that our Campaign is over I hope the interest will continue. We are personally grateful to all who stood so loyally by us during the whole month. We are especially proud of our prayer meeting record. We led all the churches at that service, our highest attendance being 83 and the lowest 62. Only one Sunday night did we fall below the hundred mark and that night it was 80. Our highest Sunday night service was 166. In all the meetings an actual count was made.

Have You Named Your Farm?

The movement to have every American farmer select a name for his farm and use the name as a trade mark, is meeting with great success in some parts of the country. Many of our exchanges have published lists of the names selected for the farms of their neighborhoods, the publication acting as a sort of a patent or copyright. It has been said by some unthinking persons that the plan is not American, but a little reflection will convince anyone that the point is well taken. Washington called his home "Mt. Vernon," Jefferson, the great democrat, named his place "Monticello" and any schoolboy can give you a dozen other instances.

So name your farm and put the name out where everyone can see it. Make it a Trade Mark. A well known, advertised trade mark is worth thousands of dollars to the owner. Your farm and its products are your stock in trade. Name them and you have added real hard cash value to everything you sell. Choose a name well suited to surroundings, a name that will tell in its very sound some of the characteristics of your business home; then come to us and have letterheads made for your correspondence with the name of your farm on them and your name and your wife's name and your postoffice address beneath. Of course you want your wife's name on your stationery. She is your partner and the best and the truest, and the hardest working and the most interested party in the whole concern. Once you were glad to get the chance to endow her with all your worldly goods, now make your promise real. Here's how letter head might look:

Two Fires Saturday.

About 11 o'clock Saturday morning fire was discovered at the home of J. B. Anderson. The supposition is that it caught from the flue. The fire had quite a start when discovered, but the prompt arrival and the energetic work of the fire department soon had it under control. As the fire was between the walls and roof several holes had to be cut in order to put it out. The house was badly damaged by water. Mr. Anderson had \$1500 insurance on the house and \$800 on contents.

They moved their household goods to the property recently vacated by C. B. Anderson.

Saturday evening Fire Chief Wilson was called to the home of E. A. Thompson. Smoke was coming out of the roof. On investigating they found the timbers against the flue to be afire. It looked like the beginning of a pretty big fire.

W. W. Wilson and family returned Friday from a months visit in Indiana and Chicago. Within an hour after their arrival Mr. Wilson received a message from Nashville Tenn. announcing the death of his sister. He left Saturday for Kewanee Ind. to attend the funeral, returning home Tuesday.

Mrs. M. E. Gosney, of Shelbyna visited her sister, Mrs. A. G. Ruthburn Saturday. The two ladies visited relatives at Hannibal Monday.
